Potassium nitrate

1. Identification of the Substance/Preparation and of the Company/Undertaking

Product Name: Potassium nitrate
Emergency Telephone Number: 972-4-8469603/4
Synonyms: Nitrate of potash.
Chemical formula: KNO₃
Supplier/Manufacturer: Haifa Chemicals Ltd.
P.O. Box 10809, Haifa Bay 26120, Israel
Tel: 972-4-8469961
Fax: 972-4-8469955
Email: industrial@haifachem.co.il

* Occupational Exposure Limit(s), if available, are listed in Section 8

### 3. Hazards Identification

**Physical/chemical Hazards**

Contact with combustible material may cause fire.

### 4. First Aid Measures

**First-Aid Measures**

**Inhalation**

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention if symptoms appear.

**Ingestion**

Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

**Skin contact**

In case of contact, immediately flush skin with plenty of water. Cold water may be used. Obtain medical attention.

**Eye Contact**

Check for and remove any contact lenses. In case of contact, immediately flush eyes with a copious amount of water for at least 15 minutes. Cold water may be used. Obtain medical attention.

**Effects and Symptoms**

**Inhalation**

May cause slight transient irritation.

**Ingestion**

Slightly hazardous in case of ingestion. Ingestion may cause gastrointestinal irritation, vomiting and diarrhea.

**Skin contact**

Slightly hazardous in case of skin contact (irritant). Non-sensitiser for skin.

**Eye Contact**

Hazardous in case of eye contact (irritant).

**Aggravating Conditions**

Repeated or prolonged exposure is not known to aggravate medical condition.

**Notes to Physician**

No specific antidote, medical staff contact Poisons Information Centre.

### 5. Fire-Fighting Measures

**Extinguishing Media**

- **Suitable**:
  Use extinguishing media suitable for surrounding materials.

- **Unusual Fire/Explosion Hazards**:
  Non-explosive under normal conditions.

**Special Fire-Fighting Procedures**

Fire-fighters should wear self-contained positive pressure breathing apparatus (SCBA) and full turnout gear.

### 6. Accidental Release Measures

**Personal Precautions**

Safety glasses. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product.

**Environmental precautions and cleanup methods**

Stop leak if without risk. Avoid contact with a combustible material (wood, paper, oil, clothing, etc.). Keep substance damp using water spray. Do not touch spilled material. Prevent entry into sewers, basements or confined areas; dike if needed. Call for assistance on disposal.

### 7. Handling and Storage

**Handling**

Keep away from heat. Keep away from sources of ignition. Keep away from combustible material. Do not ingest. Do not breathe dust. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes. Keep away from incompatibles such as reducing agents, organic materials, acids.

**Storage**

**Packaging Materials**

- **Recommended Use**: Use original container.

**Danish Fire Class**

Not classified.

### 8. Exposure Controls/Personal Protection

**Engineering Measures**

Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

**Hygiene Measures**

Wash hands after handling compounds and before eating, smoking, using lavatory, and at the end of day.
### Personal Protective Equipment

**Respiratory System:** Dust respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate.

**Skin and Body:** Lab coat.

**Hands:** Gloves.

**Eyes:** Safety glasses.

### 9. Physical and Chemical Properties

**Physical State:** Solid. (Prills./Crystalline./Powder.)

**Colour:** White.

**Odour:** Odourless.

**Odour threshold:** Odourless.

**Melting point:** 333.9°C (633°F)

**Bulk Density:** 1.1 g/cm³

**Vapour density:** Non volatile.

**Vapour pressure:** <0.1333 kPa (<1 mm Hg) (at 20°C)

**Evaporation Rate:** Non volatile.

**Solubility:** 31.6 g/100 ml of water at 20°C (68°F).

**LogKow:** The product is more soluble in water; log(octanol/water) <1.

**pH:** 6 to 10.5 (Conc. (% w/w): 10) [Basic.]

**Viscosity:** Non-viscous substance.

### 10. Stability and Reactivity

**Stability:** The product is stable.

**Conditions to Avoid:** None known.

**Materials to Avoid:** Reactive with reducing agents, organic materials, acids. Slightly reactive with moisture.

---

**Date of issue:** 8/23/2004.

Local Effects

Skin Irritation
- Hazardous in case of skin contact (irritant).

Eye Irritation
- Hazardous in case of eye contact (irritant).

Sensitisation
- Non-sensitiser for skin.

Chronic Toxicity
- Repeated or prolonged exposure is not known to aggravate medical condition.

Carcinogenic effects
- Not classified or listed by IARC, NTP, OSHA, EU and ACGIH.

12. Ecological Information

BOD and COD
- This product is readily biodegradable.

Biodegradable/OECD
- Readily biodegradable.

Mobility
- Soluble in cold water, hot water.

Products of Degradation
- These products are nitrogen oxides (NO, NO₂). Some metallic oxides.

Toxicity of the Products of Biodegradation
- The product itself and its products of degradation are not toxic.

13. Disposal Considerations

Methods of disposal; Waste of residues; Contaminated packaging
- Waste must be disposed of in accordance with EC, national, regional and local environmental control regulations.

Hazardous Waste
- The classification of the product may meet the criteria for a hazardous waste

15. Regulatory Information

**EU Regulations**

**Hazard Symbol(s)**

**Classification**
- Oxidizing

**Risk Phrases**
- R8- Contact with combustible material may cause fire.

**Product Use**
- Classification and labelling have been performed according to EU directives 67/548/EEC, 1999/45/EC, including amendments and the intended use.
- Consumer applications.

**National Regulations**

**Sweden**

**Hazard Symbol(s)**

**Classification**
- Oxidizing

**Risk Phrases**
- R8- Contact with combustible material may cause fire.

**Sweden - The Ordinance on Thermoset Plastics**
- Not applicable.

**Denmark**

**Hazard Symbol(s)**

**Classification**
- Oxidizing

**Risk Phrases**
- R8- Contact with combustible material may cause fire.

**Statutory Order 571 on Aerosols**
- Not applicable.

**Norway**

**Hazard Symbol(s)**

**Classification**
- Oxidizing

**Risk Phrases**
- R8- Contact with combustible material may cause fire.

**Carcinogenic Class**
- Not classified.

**Netherlands**

**K-Klasse**
- K5

**CPR**
- b

**SHHR**
- 0ZZ

**Germany**

**Employment restrictions in accordance with § 15b of the Hazardous Substance Ordinance**
- No.

**Hazardous Incident Ordinance**
- Yes.

**Order on Combustible Liquids**
- Class: Omitted

**Hazard Class for Water**
- 1

**Austria**

**Classification, packaging and labeling**
- Irritant.
